

LiVe Well 1-Week Habit Tracker

Nutrition. Eat more vegetables, fruits, and other high-fiber foods. Watch your portions, and cut back on sweets. Give yourself a ★ when you eat with your family.

My daily goal: _____

My goal this week: _____

Activity. Work up to at least 150 minutes of aerobic activity a week — or 250 to 300 minutes if you want to lose weight or maintain weight loss. Sit less and move more throughout the day.

My goal this week: _____

Weight. If you need to lose weight, take it slowly. One or two pounds a week is a good goal. Weigh yourself once a week.

My weight today: _____

My goal this week: _____

Tracking Tips

- **Keep track of what's important to you.** If you want to lose weight, you may want to track calories. Or, you might track other nutrients such as carbs, fiber, or salt. And don't forget about sleep. You might be surprised at how your sleep can affect your other health habits.
- **Be honest.** You don't need to impress anyone. You just need an accurate account of your daily choices.
- **Be complete.** Write down everything that goes in your mouth — especially when you don't want to. Include portion sizes.
- **Revisit your goals.** Remember where you're headed, and keep at it. Day by day, you CAN improve your habits — and your health.
