

Dear Designer,

We want to express our heartfelt gratitude to you and all our designers for your unwavering support and dedication to the Jubilee of Trees. For the past 40 years, your tireless efforts, creativity, and generosity have been the driving force behind the success of this event. Your designs have not only adorned the trees but have also brought joy, hope, and comfort to those who have benefited from the funds raised.

As we gear up for another successful year, we are writing to share an important update. Beginning in 2024 and going forward, we will not provide designer reimbursements. Although we are no longer able to provide individual sponsorship for trees and designer reimbursements, your Gift-in-kind contribution will remain 100% tax deductible. We want to assure you this decision was made with consideration to our community and to ensure the future success of the Jubilee of Trees.

Please know that we are exploring new avenues for funding opportunities for designers, separate from event sponsorships, and will provide more information soon. Our ongoing collaboration will help ensure that every dollar raised at Jubilee has meaningful impact on the vital programs and services provided by our hospital. Intermountain Foundation remains committed to providing our designers with their tree stabilization kit (*i.e.* tree stand, rebar, hose clamps – *as applicable*).

As we navigate this transition together, please do not hesitate to reach out to **Katie Lee, Event Specialist** at [katie.lee@imail.org](mailto:katie.lee@imail.org) or **Gabby Robuccio, Foundation Events Manager** at [gabriella.robuccio@imail.org](mailto:gabriella.robuccio@imail.org) if you have any questions. We are here to support you.

Your contributions and dedication to our fundraising cause truly matters. We extend our deepest gratitude to you once again for your contributions and kindness and look forward to your continued involvement.

With heartfelt thanks and warmest regards,

**Katie Lee**
