

2024 Quilt Specification Sheet

Thank you for donating quilts to the Holiday Quilt Show and Auction, a bi-yearly fund-raising event for Intermountain Foundation. As you make decisions regarding your quilted donation, please consider the following:

- Quilt Top:** Use high quality fabrics. Prewash all cotton fabric to allow for normal shrinkage and to assure dye is stable. Piecing and applique may be done by hand or machine.
- Backing:** Quilt back should be the same quality fabric as the top.
- Batting:** Synthetic fibers, poly/cotton blends, 100% cotton, wool and silk are acceptable. Please remember hand quilting may determine batting choices.
- Quilting:** Quilting must be done by hand, knots buried, with marking unobtrusive. Tied quilts are not accepted.
- Binding:** Binding should be securely stitched, hand finished using blind hem stitch, and appropriate for the design of the quilt.
- Sleeve:** For wall quilts, a permanent 4" wide (finished) sleeve on the back should match and be sewn in place.
- Labels:** A label is much appreciated and will be enjoyed by the buyer. Please label your quilt with the following: quilt name, size, and the maker's name(s).
- Copyright:** When applicable, please request permission from the designer/publisher to use their pattern for our event. Mention them by name, if possible, on your Quilt History Form.
- Quilt Sizes / Types:** We accept a variety of quilt types and sizes for our Show and Auction. This variety is good not only for those who make the quilts, but for future buyers.
- Consider: traditional, contemporary, crib, wall, sofa, throw, miniature, whimsical, etc.
- The following is only a partial list of traditional quilt sizes for your reference (all are approximate):
