Riverton caregivers look forward to providing excellent care to local children in partnership with Primary Children's – Miller Family Campus in Lehi.

Transitioning Services to Intermountain Primary Children's Hospital - Lehi

Why will some pediatric services be offered at Primary Children's Hospital – Miller Family Campus instead of Utah Valley Hospital or Riverton Hospital?

A children's hospital is equipped to provide optimal care to infants, children, and adolescents in an environment that caters to their unique needs. Multidisciplinary teams of pediatricians, surgeons, anesthesiologists, intensive care specialists, nurses and allied health professionals—all specializing in pediatric care—come together under one roof to provide the highest quality of care to young patients, and these teams have access to facilities, tools and technologies designed with kids in mind.
