

WE'RE OPENING A SECOND PRIMARY CHILDREN'S HOSPITAL

Open date:
Feb. 12, 2024

Larry H.
and Gail Miller
Family Campus

We're thrilled to expand Primary Children's pediatric specialty care in one of the nation's fastest growing pediatric populations with our new hospital in Lehi, Utah.

Nearly one-third of Primary's patients come from Utah County and South Salt Lake County. Extending the expertise of pediatric care into our communities makes for a more central and easily accessible location where our patients and their families live.

Primary Children's Hospital | Larry H. and Gail Miller Family Campus
2250 N. Miller Campus Drive | Lehi, UT | 84043
