Oct. 1 Clinical Impacts and Intervention Opportunities to Address Intimate Partner Violence in Pediatrics

Phillip Scribano, DO, MSCE
Section Chief, Safe Place: Center for Child Protection and Health
The Children's Hospital of Philadelphia
Professor, Clinical Pediatrics
Perelman School of Medicine,
University of Pennsylvania

Objectives

- Identify the scope of intimate partner violence effects on the life course
- Discuss community and healthcare-based interventions to address intimate partner violence exposure in children and adults

Oct. 8 Improving Febrile Infant Care: What is Hot and What is Not (In Testing and Management)

Jeffrey E. Schunk, MD
Associate CMO, Primary Children's Hospital
Medical Director, Children's Health, Specialty Based Care,
Intermountain Pediatric Emergency Medicine,
University of Utah

Objectives

- Identify different risks of IBI (invasive bacterial infection) and SBI (serious bacterial infection)
- Discuss the importance of a urinalysis in risk stratification of febrile infants
- Review the advantages of procalcitonin coupled with the ANC (absolute neutrophil count) over the white blood cell count as a screening tool for febrile infants

Emily A. Thorell, MD, MSCI
Associate Professor, Pediatric Infectious Diseases
University of Utah
Director, Antimicrobial Stewardship Program and
Associate Hospital Epidemiologist
Primary Children's Hospital
Lead, Pediatric Infectious Diseases Team
Intermountain Healthcare

Oct. 15 Recurrent Parotitis—It Is Not Just About the Spit

Sara Stern, MD
Assistant Professor
Pediatric Rheumatology
University of Utah

Objectives

- Identify and illustrate the relevance of recurrent parotitis in a pediatrician's clinical practice
- Discuss the integration of a multidisciplinary team including a pediatric otolaryngologist and rheumatologist in the diagnosis, treatment, and management of recurrent parotitis

Albert Park, MD
Professor
Pediatric Otolaryngology
University of Utah

Oct. 22 Simplifying Care for Children with Medical Complexity: Where are we headed?

Nancy Murphy, MD, FAAP, FAAPMR
Professor of Pediatrics
Chief, Division of Pediatric PMR
Medical Director, Comprehensive Care Program

Objectives

- Discuss systems of care for children with medical complexity (CMC), our regional approaches to their care, and the perspectives of children with medical complexity, families, providers and payers
- Explore strategies to ensure a future workforce and healthcare system that is well-prepared to care for CMC

Oct. 29 Inaugural Robert Christensen Honorary Lecture: Neuroprotection for our smallest babies—Is it possible?

Sandra Juul, MD, PhD
Professor of Pediatrics
Division Head, Neonatology
University of Washington and Seattle Children's Hospital

Objectives

- Describe outcomes of extreme prematurity
- Discuss why the preterm brain is at risk
- Review the bench to bedside approach to improve neurodevelopment
- Discuss the Preterm Epo Neuroprotection (PENUT) Trial Results

Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Intermountain Healthcare, Primary Children's Hospital, and the Department of Pediatrics at the University of Utah School of Medicine. Intermountain Healthcare is accredited by the ACCME to provide continuing medical education for physicians.

AMA Credit: Intermountain Healthcare designates this live educational activity for a maximum of 1 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Intermountain Healthcare is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

This activity is being jointly provided by Intermountain Healthcare, Primary Children's Hospital and the Department of Pediatrics at the University of Utah School of Medicine. This live educational activity offers 1 nursing contact hour. Successful completion is attendance at entire event. No commercial support is being received for this event.
