Sepsis Awareness Month | September 2021

## Sept 2

### Next Generation Quality Improvement in Children's Health: An Emerging View Among Children's Hospitals

**Angelo P. Giardino, MD, PhD**  
Wilma T. Gibson Presidential Professor  
Chair, Department of Pediatrics  
University of Utah School of Medicine  
Chief Medical Officer, Primary Children's Hospital

#### Objectives

- Review the activities of the Next Gen QI in Children's Health Work Group since February 2020.
- Discuss the guiding principles that are shaping the effort to define the elements of the next generation of work in QI regarding children's health.
- Consider how caregivers at both the University of Utah Department of Pediatrics and Intermountain Primary Children's Hospital can contribute towards achieving a "quantum leap" in children's health QI by 2030.

## Sept 9

### 2nd Biannual Pediatric Surviving Sepsis: Racism (not Race) as the Ultimate Social Determinant - The Case of Sepsis

**Jessica C. Fowler, MD, MPH**  
Assistant Professor,  
Clinical Anesthesiology and Critical Care  
Perelman School of Medicine  
University of Pennsylvania  
Pediatric Critical Care Attending  
Physician, Department of Anesthesia and Critical Care  
Children's Hospital of Philadelphia  
Philadelphia, PA

#### Objectives

- Discuss the impact of the history of racism in medicine
- Review ways that racism influences healthcare systems and the care provided by healthcare workers
- Define health disparities
- Describe the impact of health disparities in pediatric sepsis

**Anireddy Reddy, MD, FAAP**  
Pediatric Critical Care Fellow,  
Department of Anesthesia and Critical Care  
Children's Hospital of Philadelphia  
Philadelphia, PA

## Sept 16

### Chief's Choice Lecture: What You Need to Know About Medical Malpractice Law and If, When, and How to Say "I'm Sorry"

**Chris A. Messerly, JD**  
Lawyer, Partner, Robins Kaplan LLP  
Minneapolis, MN

#### Objectives

- Review the finer points of medical malpractice law.
- Describe if you should say "I'm Sorry", when and how to do so.
- Review what happens if you do get sued, and what to do.

## Sept 23

### John Hawkins Memorial Lecture: The Journey of Building Positive Culture in Our Heart Center

**Richard G. Ohye, MD**  
Co-Director, University of Michigan  
C.S. Mott Children's Hospital Congenital Heart Center  
Vice Chair and Edward L. Bove, MD  
Professor of Cardiac Surgery Head  
Section of Pediatric Cardiovascular Surgery  
University of Michigan Medical School  
Ann Arbor, MI

#### Objectives

- Describe the role of a positive culture in achieving success
- Review what steps can be taken to build a positive culture.
- Discuss ways to build a positive culture in your own work environment

## Sept 30

### Type 1 Diabetes: Therapeutic Updates

**Vandana S. Raman, MD**  
Associate Professor  
University of Utah School of Medicine  
Fellowship Program Director  
Pediatric Endocrinology and Diabetes  
Primary Children's Hospital

#### Objectives

- Discuss the new insulin analogs
- Compare the available insulin pumps, continuous glucose monitors (CGMs) and automated insulin delivery (AID) systems
- Examine the impact of these newer technologies on glycemic control

**Scott A. Clements, MD**  
Associate Professor  
University of Utah School of Medicine  
Pediatric Endocrinology and Diabetes  
Primary Children's Hospital
