March 4 Advances in Cleft Care

Barbu R. Gociman, MD, PhD
Associate Professor
Division of Plastic Surgery
Department of Surgery
University of Utah School of Medicine

Objectives

- Describe general guidelines of cleft care
- Discuss the cleft protocol of the University of Utah/Primary Children's Hospital

Nothing to Worry About:

March 11 An Update on the Treatment of Pediatric Anxiety Disorders

Jeffrey R. Strawn, MD, FAACAP
Associate Professor of Psychiatry, Pediatrics and Clinical Pharmacology
Associate Vice Chair of Research
Director, Anxiety Disorder Research Program
Department of Psychiatry & Behavioral Neuroscience
University of Cincinnati
Cincinnati Children's Hospital Medical Center
Cincinnati, Ohio

Objectives

- Describe evidence for medication and psychotherapeutic interventions in pediatric patients with anxiety disorders
- Discuss factors which impact the treatment response for specific patients and identify ways in which these factors can be used to tailor treatment

March 18 Current Trends in Pediatric Toxicology

Michael J. Moss, MD
Medical Director, Utah Poison Control Center
Assistant Professor
Division of Emergency Medicine
University of Utah

Objectives

- Discuss recognition and management of emerging pediatric toxic exposures
- Review role of poison centers in monitoring trends in toxic exposures

Alyrene A. Dorey, MD
Assistant Professor, Emergency Medicine
Assistant Medical Director
Utah Poison Control Center
Toxicology and Addiction Medicine
University of Utah and Primary Children's Hospitals

Cyberbullying, Facebook Profiles, Kim Kardashian, and Lady Gaga Goes Gaga:

March 25 How Children and Teenagers are Affected by Old and New Media

Victor C. Strasburger, MD
Distinguished Professor of Pediatrics Emeritus
University of New Mexico School of Medicine
Albuquerque, New Mexico

Objectives

- Describe the nature of current media for infants, children, and adolescents
- Discuss the impact of a variety of media on children and teens and how such effects were determined by research
- Identify how the adverse effects of media can be mediated by parents and by school media literacy programs
