 **Accreditation:** This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Intermountain Healthcare, Primary Children's Hospital, and the Department of Pediatrics at the University of Utah School of Medicine. Intermountain Healthcare is accredited by the ACCME to provide continuing medical education for physicians.

AMA Credit: Intermountain Healthcare designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

 Intermountain Healthcare is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

This activity is being jointly provided by Intermountain Healthcare, Primary Children's Hospital and the Department of Pediatrics at the University of Utah School of Medicine. This live activity offers a maximum of 1 nursing contact hour. Successful completion is attendance at entire event. No commercial support is being received for this event.

April 1 Annual Pathology Lectureship—Neuroblastoma Pathology: An Update

Hiroyuki Shimada, MD, PhD
Professor of Pathology and of Pediatrics,
Stanford University School of Medicine
Director, COG Neuroblastoma Pathology
Reference Laboratory
Stanford, CA

Objectives

- Describe how “Neuroblastoma” is heterogeneous and composed of genetically/molecularly distinct groups, biologically favorable and biologically unfavorable
- Review how biologically unfavorable “neuroblastoma” is also heterogeneous and four subtypes are distinguished based on the precision medicine approach

April 8 Besting the Bellyaches: Diagnosis and Management of Pediatric Functional GI Pain Disorders

Justin C. Wheeler, MD
Assistant Professor, Division of Pediatric
Gastroenterology, Hepatology, and Nutrition
University of Utah School of Medicine

Objectives

- Define the diagnostic criteria for pediatric functional gastrointestinal pain disorders
- Review evidence-based management strategies for pediatric functional gastrointestinal pain disorders

April 15 AAP—President Lecture: Improving the Mental Health System of Care for Children and Families

Lee Savio Beers, MD, FAAP
President of American Academy of Pediatrics
Professor of Pediatrics and Medical Director
Community Health and Advocacy,
Children's National Hospital
Founding Director,
DC Mental Health Access in Pediatrics
Washington, DC

Objectives

- Describe the components of a well-functioning and equitable system of mental health care for children and families
- Discuss examples of multi-disciplinary comprehensive programs designed to improve access to community mental health care

April 22 John Hawkins Memorial Lecture: The Journey of Building Positive Culture in Our Heart Center

Richard G. Ohye, MD
Co-Director, University of Michigan
C. S. Mott Children's Hospital Congenital Heart Center
Vice Chair and Edward L. Bove, MD
Professor of Cardiac Surgery Head
Section of Pediatric Cardiovascular Surgery
University of Michigan Medical School
Ann Arbor, MI

Objectives

- Describe the role of a positive culture in achieving success
- Review what steps can be taken to build a positive culture
- Discuss ways to build a positive culture in your own work environment

April 29 David Green Memorial Lecture: The Ethics of First-in-Child Clinical Trials

Steven Joffe, MD, MPH
Founders Professor
Interim Chair, Department of Medical Ethics
and Health Policy
Chief, Division of Medical Ethics
University of Pennsylvania Perelman School of Medicine
Philadelphia, PA

Objectives

- Describe the ethical and regulatory challenges of conducting early-phase pediatric clinical trials
- Identify strategies on how to ethically conduct early-phase pediatric clinical trials
