HOW TO DOFF (REMOVE) A REUSABLE GOWN

Your gown and gloves may be contaminated. Avoid contaminating yourself, others, and the environment.

1. Carefully remove your gloves.
2. Perform hand hygiene. **Remove the reusable gown.** Unfasten the ties and peel off the gown from the inside out, rolling it into a ball.
3. Place the reusable gown in the laundry bin.
4. Perform hand hygiene. Leave the patient care area.

After leaving the patient care area, remove your mask and eye protection.
