Always Here for All the Moments
OUTSMART CANCER

"The big picture." We are often reminded that it's good to keep the big picture in mind, especially in times of conflict, uncertainty or doubt. But what does that mean? To us, it means to not lose sight of what's important, what works, and to keep a steady course based on proven strategies and hard-earned wisdom. At Vantage Advisors, our clients have come to trust the collaborative nature of our relationship with them, another set of eyes, if you will, to keep focused on the "big picture." But there's another unique reason our clients at Vantage Advisors have come to trust us.

A Special Thank You to Our Gala Sponsors

Neal & Megan Marchant, Arlynn & Greg Kemp

And that's the whole picture. Vantage Advisors provides the coordination of risk management, estate plans, asset protection, tax plans, and investment management all under one roof. Our multi-disciplinary approach allows us to find new opportunities for our clients to create and sustain their wealth. Our goal is to ensure a personalized solution that works for you now and gets you where you want to be down the road - without losing sight of the big picture. Your big picture.

We extend genuine gratitude to Greg & Arlynn Kemp and Neal & Megan Marchant of Vantage Advisors, for their sponsorship of tonight's gala auction.

All I Want for Christmas is to Be Cancer Free!

"All I Want for Christmas is to Be Cancer Free" a very real wish of children suffering with childhood cancers. At the age of 15, the tree designer's daughter, Torri Parker, was diagnosed with a very rare form of cancer. She received treatment at the St. George Cancer Center.

Torri's family was grateful that she could receive care locally and be near friends and family during her year-long treatment. The gold ribbons of this tree represent Childhood Cancer Awareness, while the shades of white represent the purity of children. Angels float amid the branches remembering children who have passed on. Toy soldiers remembering children who are currently battling cancer, and the teddy bears and princess crowns celebrate the children who have survived cancer. This beautifully touching 9' designer tree has been on display at the St. George Cancer Center.
