### Payment

- **Check** payable to Pediatric Education, Practice, and Research
- **Visa**
- **American express**
- **Master card**
- **Discover**

**Authorized cardholder name:**

**Account number:**

**Expiry date:**

**Signature:**

**Cancellation policy:** You must provide written notice to receive a refund subject to a $100 processing fee before Friday, May 25, 2018.
June 4, Monday:

9:45-10:30 AM
Hemangiomas, mollusca, and nevi: Treating common skin growths
Geoffrey D. Dingman, MD, MPH, MS
- Define what parents should be heading kids and what to look for in the allergies
- Discuss when to refer patients to specialists

10:30-11:15 AM
Transitioning to adulthood: When our patients grow up
Michael G. Green, DO
- Identify ways to help patients with special needs transition to adulthood
- Discuss ways to get special needs patients help they need as adults
- Recognize whether special needs patients can manage alone

11:15-12:30 PM
Break and Exhibits

12:30-1:15 PM
Alphabet soup: SSD, DDL, SW, finding help for kids with special needs
Sara E. Catterell, DO, AFPR, AFSP.
- Explain how tests help families access services
- Explain how to help appropriate families

Celebrating Chapter Activities for Childrens Lunch

June 5, Tuesday:

7:30-8 AM
Registration and continental breakfast

8:45-9 AM
Newborn screening: Protecting our smallest patients
Kim Hart, MS, LCCE
- Review the Utah newborn screening program
- Define what newborn screening is
- Discuss the screening process

9:45-10:30 AM
Hospitalization in pediatrics: Finding your common ground
Kathalyn R. Klemmert, MD
- Discuss what to do after positive screening for suicide risk
- Determine next steps when counseling is not available
- Choose treatment options before psychosis is available

1-2:30 PM
Senior luncheon

June 6, Wednesday:

7:30-8 AM
Registration and continental breakfast

8:45-9 AM
Noisy breathing: Diagnosing and treating upper airway disorders
Jenni Mott, MD
- Define airway disorders
- Explain upper airway disorder progression
- Decide when to refer patients to a specialist

9:45-10:30 AM
Suicide prevention: Partnering with gun owners
Catherine Barber, MPA
- Discuss ways to change the conversation about guns and firearm ownership
- Review rules for gun-owning community (firearm instructors, shop owners, and firearm agencies)
- Implement care counseling skills about lawful means

10:30-11:15 AM
Shiny Objects and other distractions
Deborah Winters, RN
- Discuss how distracted driving affects the adolescent population
- Explain how to detect distracted driving
- List ways families can keep driving safe

11:15-12:30 PM
Break and Exhibits

12:30-1:15 PM
Female athlete triad: Diagnosis and screening
Deborah Caulfield, MD
- Define the female athlete triad
- Discuss when and how providers should screen girls
- Discuss the current recommendation for female athlete triad screening

12:15-1:30 PM
Celebrating Chapter Activities for Childrens Lunch

June 7, Thursday:

7:30-8 AM
Registration and continental breakfast

8:45-9 AM
Emergency medicine: Can we do anything?
Kim Hixson, MD
- Review the basics of emergency medicine
- Discuss the specific challenges of treating children

9:45-10:30 AM
The conference will showcase the latest practices and services to help you feel more confident about your patients’ care.
- Review the latest treatment recommendations for pediatric patients
- Discuss ways to get your patients help they need as adults
- Recognize whether special needs patients can manage alone

10:30-11:15 AM
Transitioning to adulthood: When our patients grow up
Michael G. Green, DO
- Identify ways to help patients with special needs transition to adulthood
- Discuss ways to get special needs patients help they need as adults
- Recognize whether special needs patients can manage alone

11:15-12:30 PM
Break and Exhibits

12:30-1:15 PM
Suicide prevention: Partnering with gun owners
Catherine Barber, MPA
- Discuss ways to change the conversation about guns and firearm ownership
- Review rules for gun-owning community (firearm instructors, shop owners, and firearm agencies)
- Implement care counseling skills about lawful means

10:30-11:15 AM
Shiny Objects and other distractions
Deborah Winters, RN
- Discuss how distracted driving affects the adolescent population
- Explain how to detect distracted driving
- List ways families can keep driving safe

11:15-12:30 PM
Break and Exhibits

12:30-1:15 PM
Female athlete triad: Diagnosis and screening
Deborah Caulfield, MD
- Define the female athlete triad
- Discuss when and how providers should screen girls
- Discuss the current recommendation for female athlete triad screening

12:15-1:30 PM
Celebrating Chapter Activities for Childrens Lunch

Purpose
Join more than 150 healthcare providers for discussions about:
- Anxiety
- Dental care
- Female athlete triad
- Injury prevention
- Suicide prevention
- Transitioning to adulthood
Update your clinical knowledge, increase your ability to diagnose and manage patients’ conditions, and earn valuable CME credit.

Acreditaton
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCMCE) through the joint provision of Primary Children’s Hospital, the Department of Pediatrics at the University of Utah School of Medicine, and the Utah Chapter of the American Academy of Pediatrics. Primary Children’s Hospital is accredited by the ACCME to provide continuing medical education for physicians.

AMA Credit
Primary Children’s Hospital designates this live educational activity for a maximum of 11.5 AMA PRA Category 1 Credits™ for the course. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

The conference is the result of the mutual efforts of Pediatric Education, Practice, and Research at Primary Children’s Hospital, the Department of Pediatrics at the University of Utah School of Medicine, and the Utah Chapter of the American Academy of Pediatrics.

Faculty
Dr. Beck D. Opton, MD, MPH, MSc
Assistant Professor, Dermatology
University of Utah School of Medicine

Dr. Sara E. Catherell, DO, AFPR, AFSP.
Pediatrician, DMC, Program in Peds

Dr. Michael H. Green, DO
Assistant Professor, Pediatric Medicine
University of Utah School of Medicine

Dr. Elizabeth (Libby) A. Kelly, MD
Allergy and Immunology
Intermountain Healthcare, Holabird Clinic

Dr. Catherine Barber, MPA

Dr. Gregory Enns, MD
Assistant Professor, Division of Medical Genetics
University of Utah School of Medicine

Dr. Sarah D. Cipriano, MD, MPH, MS
Assistant Professor, Child Behavioral Health, Children’s Hospital

Dr. L. Jonell Murray, MS, MBA–HM

Dr. Lisa L. Giles, MD
Assistant Professor, Pediatric Emergency Medicine
University of Utah School of Medicine

Dr. Karl F. Klemmert, MD

Dr. Kim Myers, MSW
Assistant Professor, Division of Medical Genetics
University of Utah School of Medicine

Dr. Jeremy Meier, MD
Assistant Professor, Child Behavioral Health, Children’s Hospital

Dr. Mark H. wrestling, MD
Assistant Professor, Division of Medical Genetics
University of Utah School of Medicine

Dr. Sarah D. Cipriano, MD, MPH, MS
Assistant Professor, Child Behavioral Health, Children’s Hospital

Dr. Larry J. Meier, MD
Assistant Professor, Child Behavioral Health, Children’s Hospital

Dr. Kim Myers, MSW
Assistant Professor, Child Behavioral Health, Children’s Hospital

Dr. Lisa L. Giles, MD
Assistant Professor, Pediatric Emergency Medicine
University of Utah School of Medicine

Dr. Michael H. Green, DO
Assistant Professor, Pediatric Medicine
University of Utah School of Medicine

Dr. Sarah D. Cipriano, MD, MPH, MS
Assistant Professor, Child Behavioral Health, Children’s Hospital

Dr. L. Jonell Murray, MS, MBA–HM

Guest Faculty
Dr. Catherine Barber, NPA
Director, Nurse Infant and Family Program, University of Utah School of Nursing

Dr. Jennifer Meier, MD
Assistant Professor, Child Behavioral Health, Children’s Hospital

Dr. Michael Green, DO
Assistant Professor, Division of Medical Genetics
University of Utah School of Medicine

Dr. Hank J. Murray, MD
Medical Director, Children’s Hospital

Dr. Michael Green, DO
Assistant Professor, Division of Medical Genetics
University of Utah School of Medicine

Dr. Mark H. wrestling, MD
Assistant Professor, Division of Medical Genetics
University of Utah School of Medicine

Dr. Lisa L. Giles, MD
Assistant Professor, Pediatric Emergency Medicine
University of Utah School of Medicine

Dr. Michael H. Green, DO
Assistant Professor, Pediatric Medicine
University of Utah School of Medicine

Dr. Sarah D. Cipriano, MD, MPH, MS
Assistant Professor, Child Behavioral Health, Children’s Hospital

Dr. L. Jonell Murray, MS, MBA–HM

Planning committee
Charles L. Fuhr, MD, FAA
Evan Brandes, MD, FAA
Alia Stoddard, BS
Tara Johnson, BS
AMA-PRA Category 1 Credit™ for the course. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

The conference is the result of the mutual efforts of Pediatric Education, Practice, and Research at Primary Children’s Hospital, the Department of Pediatrics at the University of Utah School of Medicine, and the Utah Chapter of the American Academy of Pediatrics. Primary Children’s Hospital is accredited by the ACCME to provide continuing medical education for physicians.

June 4, Monday:

7:30-8 AM Registration and continental breakfast
8:45 AM Chapter update
Charles W. Pruitt, MD, FAAP
8:15-9 AM Feed food allergies: What’s new in prevention and treatment
Elise Orlof, ARNP
- Describe what parents should be feeding kids and why
- Review current food allergy and immune related allergies
9:45-9:55 AM These are the games we’re looking for: Diagnosing genetic disorders
Gregory Irens, MD
- Identify common signs of genetic disorders
- Recognize genetic disorders
- Decide whether a child needs genetic testing and further evaluation
9:45-10 AM Henry Moses, MD
- Identity ways to help parents with special needs transition to adulthood
- Explain how to get special needs patients help they need as adults
- Recognize whether special needs patients can manage alone or require assistance
11:15-12 PM Break and Exhibits

June 5, Tuesday:

7:30-8 AM Registration and continental breakfast
8:45-9 AM Newborn screening: Protecting our smallest patients
Kim Hart, MLS, CGC
- Review the Utah newborn screening program
- Define what newborn screening is
- Discuss the screening process
9:45-9:55 AM Preventing pediatric suicide: Screening and finding resources
Sara E. Callister, DNP, APRN, FNP-BC
- Preventive strategies to improve health
- Describe upper airway disorders
- Identify when and how to screen for suicide risk
- Review common food allergies and when to refer children to an allergist
- Recognize signs of early development
- Review common food allergies and when to refer kids to allergists
12:15-1 PM Pediatric depression and suicide: What to do when counseling isn’t available
Kraig K. Leonhardt, MD
- Describe what to do if you suspect suicide
- Identify when and where to screen for suicide risk
- Review resources available in the community
2:30-2:40 PM Senior luncheon

June 6, Wednesday:

7:30-8 AM Registration and continental breakfast
8:45 AM Noisey breathing: Diagnosing and treating upper airway disorders
Jenni Moss, MD
- Identify children with upper airway disorders
- Describe upper airway disorder progression
- Decide when to refer patients to specialists
9:45-9:55 AM Youth gun injury: How Utah compares
Catherine Barber, MPA
- Identify circumstances around youth shootings
- Review how Utah youth guns compare nationally and internationally
- Discuss why access to firearms makes a difference with suicide risk
11:15-12 PM Break and Exhibits

Purpose
Join more than 150 healthcare providers for discussions about:
- Anxiety
- Dental care
- Female athlete triad
- Insomnia
- Suicide prevention
- Transitioning to adulthood
Update your clinical knowledge, increase your ability to diagnose and manage patients’ conditions, and earn valuable CME credit.

Accreditation

Intermountain Salt Lake Clinic
June 4, Monday:
9:45-10:30 AM
Hemangiomas, moles and nevi: Treating common skin growths
Grace D. O'Brien, MD, MPH, FAAP

10:30-11:15 AM
Transitioning to adulthood: When our patients grow up
Michael G. Green, DO
- Identify ways to help patients with special needs transition to adulthood
- Discuss ways to get special needs patients help they need as adults
- Recognize whether special needs patients can manage alone

11:15-12:15 PM
Break and Exhibits

12:15-1:15 PM
Alphabet soup: SSD, DDL, SW, finding help for kids with special needs
Sara E. Callister, DNP, APRN, ARNP

June 5, Tuesday:
7:30-8:45 AM
Registration and continental breakfast

8:45-9:00 AM
Newborn screening: Protecting our smallest patients
Kim Hart, MLS, UC
- Review the Utah newborn screening program
- Define what newborn screening is
- Discuss how the screening process works

9:45-10:15 AM
Preventing pediatric suicide: Screening and finding resources
Gregory Enns, MD
- Prevents it by recognizing suicide
- Identify when and how to screen for suicide risk

10:15-11:30 AM
Pediatric depression and suicide: When to consult (and it’s not all that bad)
Krish K. Keenstra, MD
- Discuss when to refer to a specialist

12:15-1:15 PM
Senior luncheon

9:45-10:30 AM
June 6, Wednesday:
Registration and continental breakfast

9:30-10:00 AM
Noisy breathing: Diagnosing and treating upper airway disorders
Jenny McCrory, MD
- Identify sleep apnea in children

10:00-10:45 AM
Suicide prevention: Partnering with gun owners
Catherine Barber, MPH
- Discuss ways to change the conversation about guns and firearm safety
- Review how firearm owners change community

12:15-1:15 PM
Closing Celebratory Activities for Children Lunchen

Purpose
Join more than 150 healthcare providers for discussions about:
- Anxiety
- Dental care
- Female athlete
- Healthy eating
- Suicide prevention
- Transitioning to adulthood

Update your clinical knowledge, increase your ability to diagnose and manage patients' conditions, and earn valuable CME credit.

Accreditation
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCMCE) through the joint provision of Primary Children’s Hospital, the Department of Pediatrics of the University of Utah School of Medicine, and the Utah Chapter of the American Academy of Pediatrics. The content of this activity is controlled by ACCME and the AAFP. This activity is also approved as an AMA PRA Category 1 Credit™ for healthcare providers. The course is eligible for 1 Credit(s)™AMA PRA Category 1 Credit(s)™.

AAMA Credit
Primary Children’s Hospital designates this live educational activity for a maximum of 11 AMA PRA Category 1 Credit(s)™ for the course. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

Celebrating Chapter Activities for Children Lunchen
Tuesday, June 5 • 12:15–1 PM
The Utah Chapter will present the Marty Perry Service to Children Award to three members: their accomplishments, and discuss ways to help our patients make better needs. For all members, register.

E-Syllabus:
The electronic syllabus will be available for download the first day of the conference. If you would like to receive printed copies, simply select that option in the registration form; please note that an additional fee of $60 applies. To be guaranteed to receive printed copies, please register by May 15, 2018. If you register after May 15, please note that an additional fee of $60 applies. To be guaranteed to receive printed copies, please register by May 15, 2018. If you register after May 15, please note that an additional fee of $60 applies.
