Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the Joint Accreditation for Continuing Education, a joint venture of the American Academy of Family Physicians (AAFP), American Medical Association (AMA), and American Osteopathic Association (AOA). This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Nursing Education, Inc. This activity is jointly provided by Primary Children’s Hospital and the University of Utah School of Medicine. Primary Children’s Hospital is accredited by the ACCME to provide continuing medical education for physicians. Primary Children’s Hospital designates this educational activity for a maximum of 13.5 category 1 credit(s) in the American Medical Association’s Physician’s Recognition Award (PRA). Physicians should only claim credit commensurate with the extent of their participation in the activity. Primary Children’s Hospital is an approved provider of continuing nursing education by the Western States Division of the American Nurses Credentialing Center’s Commission on Accreditation. Nurses are responsible for determining whether this activity is acceptable for their needs. This activity is approved by the Utah Board of Nursing for 13.5 contact hours. Kansas pending approval.

Fee information: Payment is required in order to receive the conference materials and apply for continuing education credits.

The evaluation and examination of the conference will include a written examination to be completed by conference attendees. Attendees must achieve a minimum passing score on the written examination. The conference evaluation will be completed electronically or on site. A passing grade is required in order to receive CEUs.
Explain the health issues facing refugees and 

Demonstrate a down-regulating

Explain Family-centered care including 

Describe the historical development of

Develop a FAC and define roles and

Develop services and a culture to support

Discuss how child life and expressive therapies

Recognize the challenges that parents face as well

Describe the current situation for young adults

Recognize the challenges that parents face

Family-centered Care: an evidenced-based system of care that prioritizes a child’s family.

Explain the health issues facing refugees and describe the current situation for young adults. Discuss the concerns and benefits of family presence during resuscitation for medically complex children. Elaborate on the historical origin of pediatric resuscitation and non-malignant hematological problems and discuss the viewpoint of a physician-father as a son is diagnosed and treated for cancer. Recognize the therapeutic value of integrative medicine for patients and their families. Identify “family presence facilitators” and develop a FAC and define roles and responsibilities.

Kaleidoscope of Care
A Patient and Family Centered Care Conference
August 2-3, 2018
Salt Lake City, UT 84113

Conference outcomes
• Exchange ideas and resources with other healthcare providers, patients, parents, and advocates.
• Gain best practices for patient and family-centered care initiatives.
• Evaluate how patients, families, and healthcare providers can develop partnerships that strengthen the patient/family experience within the healthcare system.

Sponsored by the University of Utah, Alaska, and the Healthcare Association of Utah.
