Full-year amounts shown; deductible and annual deposit are prorated for partial year enrollments. Must be enrolled in Medicare Parts A and B, and pay your monthly Part B premium.

How it works (it's simple!)

We deposit money into your special MSA bank account.

You decide how to spend, save or invest the deposit money.

You pay 100% of Medicare-approved care below the deductible.

We pay 100% of Medicare-approved care once you've met the deductible.

You keep any deposit money remaining at year-end for future use.

Your next step.
