Scheduling New Patient Appointments during AEP

We encourage all agents to assist their clients in scheduling their new patient appointment at the time of enrollment. Our local Patient Services Center is ready to schedule these appointments, even if the member hasn’t received their insurance card or ID number yet. If the member ID is not available, simply ask the representative to enter zeros in that field. Once your client receives their insurance card, they can call back to update their information.

Our team understands the importance of the work you do to help your clients navigate the healthcare industry. Our Broker Resource Center, available at intermountainhealthcare.org/NVBrokers, offers various resources to educate your clients about Intermountain Health.

Senior primary care you can feel confident about

Choosing a doctor shouldn't feel uncertain. With Intermountain Health, you can feel confident you're getting care that's trusted in your community—care that puts you first and supports you for the long run.

Why do 9 out of 10 patients stay with us year after year?*

A doctor who knows your story

Care is built around long term relationships so you're not starting over at every visit.

Extra support when you need it

If your care ever requires more support, your doctor can connect you with trusted specialists without starting over.

Simple and clear next steps

Your care team stays connected behind the scenes so you always know what to do next without the confusion.

Care that fits your life

With 35 clinics across Southern Nevada, it's easier to stay connected to care close to home.

Focused on what matters most

Our care teams take time to listen, speak your language, and understand your preferences so you feel heard and supported.

Confidence in your health decisions

You get clear answers, thoughtful guidance, and the time you need to feel confident about what comes next.

“

I never feel rushed or like I'm being taken for granted. My opinion is listened to and considered before a plan is put into place.

-Philip P. | Senior primary care patient

”

Better access to specialists, all connected to your care

When you choose Intermountain Health, you're choosing more than a primary care provider. You're gaining access to a connected system of care, including 160+ on-staff Intermountain specialists - all working together around you.

Your primary care provider helps coordinate your care so there are fewer handoffs, less confusion, and clearer next steps.

Because our specialists are part of Intermountain, they can securely access your medical records and stay closely aligned with your primary care team. That means smoother communication and more coordinated care at every step.

Our on-staff specialists include:

- Behavioral health
- Cardiology
- Diabetes and endocrinology
- Heart failure management
- Hematology and oncology
- Physical medicine
- Rheumatology
- Women's health
- Palliative care
- Urology (coming soon!)

And your care doesn't stop there. In addition to our on-staff specialists, you also have access to an extended network of 1,900+ specialists across Southern Nevada, giving you more options and support when you need it most.
