## DIRECT REFERRALS

### The Direct Referral Process

- Direct referrals should be entered into the automated referral system – SmartUM (F/K/A HealthFortis/CCT) – as a **ROUTINE** request. SmartUM should only service as a communication tool between the specialist and the PCP and should not result in any patient care delay. If you do not have access to SmartUM, please fax the information directly to the specialist or contract your network specialist to setup an account.
- Providers should not refuse to see a member for a direct referral visit without an authorization number. Direct referrals do not require an authorization number to see a member.
- When submitting a direct referral in SmartUM, please make sure to attach all pertinent clinical records from the member's most recent visit(s).
- **Referrals may be initiated by the PCP.** Referrals will be good for one (1) year and may authorize twelve (12) visits or more within the one (1) year period depending on the member's condition.
- **Referrals may be initiated by the treating specialist.** Specialist to specialist referrals must be for one (1) consult visit only and are good for a one-hundred and eighty (180) period.
- Member self-referrals do not require a written referral or an entry into SmartUM.

The following services are a direct referral to a network specialist identified in the provider directory. You may fax a copy of the referral directly to the specialist's office.
