

# Internship Program Admissions

Date Program Tables are updated: October 15, 2019

**Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program’s policies on intern selection and practicum and academic preparation requirements:**

The Primary Children’s Hospital (PCH) Psychology Internship Program is a practitioner-scholar program within a pediatric behavioral health environment. Interns complete at least 2000 hours over the course of 12 months. We accept five interns each year and have three different rotation combinations (and three separate APPIC match codes), emphasizing different areas of pediatric and child clinical psychology. Two of the interns complete year-long rotations within our Pediatric Behavioral Health (PBH) outpatient clinic and on the consultation-liaison service. Two of our interns complete year-long rotations at Primary Children’s Center for Counseling (PCCC) and complete psychological assessments within our Behavioral Health Continuum. One intern completes a year-long rotation within our adolescent day treatment program and inpatient program. As a cohort, all interns participate in a variety of didactics, seminars, and supervision experiences—including a structural family therapy training seminar. There are abundant opportunities—across all rotations—for developing competence in psychotherapy, assessment, consultation, and other practice areas related to health service psychology.

**Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:**

Total Direct Contact Intervention Hours	Yes		Amount: 400
Total Direct Contact Assessment Hours	Yes		Amount: 100

**Describe any other required minimum criteria used to screen applicants:**

We encourage applicants who have emphasized child clinical and/or pediatric psychology training as part of their doctoral program. All coursework must be completed and we require any comprehensive exams and dissertation proposals to be completed prior to the start of internship. We encourage PhD and PsyD applicants from clinical, counseling, and school psychology programs. Minority and culturally diverse candidates are strongly encouraged to apply.

## Financial and Other Benefit Support for Upcoming Training Year\*

Annual Stipend/Salary for Full-time Interns	27,040	
Annual Stipend/Salary for Half-time Interns	N/A	
Program provides access to medical insurance for intern?	Yes	
<b>If access to medical insurance is provided:</b>		
Trainee contribution to cost required?		No
Coverage of family member(s) available?	Yes	
Coverage of legally married partner available?	Yes	
Coverage of domestic partner available?	Yes	
Hours of Annual Paid Personal Time Off (PTO and/or Vacation)	216	
Hours of Annual Paid Sick Leave	N/A	
In the event of medical conditions and/or family needs that require extended leave, does the program allow reasonable unpaid leave to interns/residents in excess of personal time off and sick leave?	Yes	
Other Benefits (please describe): Interns are full employees of Intermountain Healthcare and receive the same benefits as other employees. However, rather than having to accrue time off, interns receive the following leave benefits for the year: 10 holidays (as all employees), 15 days PTO (vacation, sick, and all-purpose leave), 2 days conference or dissertation defense leave. As employees, interns are eligible for numerous other discounts, wellness incentives, and other benefits.		

\*Note. Programs are not required by the Commission on Accreditation to provide all benefits listed in this table

## Initial Post-Internship Positions

(Provide an Aggregated Tally for the Preceding 3 Cohorts)

	2016-2019	
Total # of interns who were in the 3 cohorts	15	
Total # of interns who did not seek employment because they returned to their doctoral program/are completing doctoral degree	1	
	PD	EP
Community mental health center	1	
Federally qualified health center		
Independent primary care facility/clinic		
University counseling center		
Veterans Affairs medical center		
Military health center		
Academic health center	1	
Other medical center or hospital	10	
Psychiatric hospital		
Academic university/department		
Community college or other teaching setting		
Independent research institution		
Correctional facility		
School district/system		1
Independent practice setting		1
Not currently employed		
Changed to another field		
Other		
Unknown		

Note: "PD" = Post-doctoral residency position; "EP" = Employed Position. Each individual represented in this table should be counted only one time. For former trainees working in more than one setting, select the setting that represents their primary position.
