Clinical Lead

Matthew T. Bryan, MD

Internist, Avenues Specialty Clinic

Lesbian, gay, bisexual, transgender, and queer (LGBTQ) individuals often experience disparities in health care access and outcomes due to social issues such as bias and prejudice, marginalizing laws and policies, and a lack of LGBTQ-friendly practices in all areas of care. Join a team of experts via live video to increase cultural and clinical competence for LGBTQ patient care, and to discuss YOUR patient cases!
