

Let's Talk About...

Diabetes: Electronic Resources

Taking care of your diabetes can seem complicated, especially at first. There's a lot you need to know and do. Electronic resources — websites, mobile apps, online games — can help a lot. This handout lists some of the best tools to help you with your diabetes care. **Your provider will circle one or two items that best fit your situation and needs.**

Primary Children's Hospital. Learn about nutrition, carb counting, and insulin dosing on your computer, tablet, or phone. Go to primarychildrens.org/diabetes and scroll down to "Additional resources," then click on the first link: **Interactive Module—Eating & Living Well with Diabetes**
