

Welcome, new caregiver!

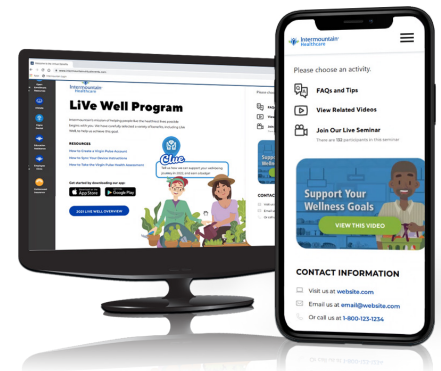

Here's how to learn all about your Intermountain employee benefits.

Welcome to Intermountain Healthcare. We're glad you've chosen to be part of our team. The financial rewards of working at Intermountain Healthcare go beyond a just a paycheck. At Intermountain, you can customize your benefits to fit each stage of life. Start with the:

Benefits Learning Site

(<http://intermountainvirtualevents.com>)

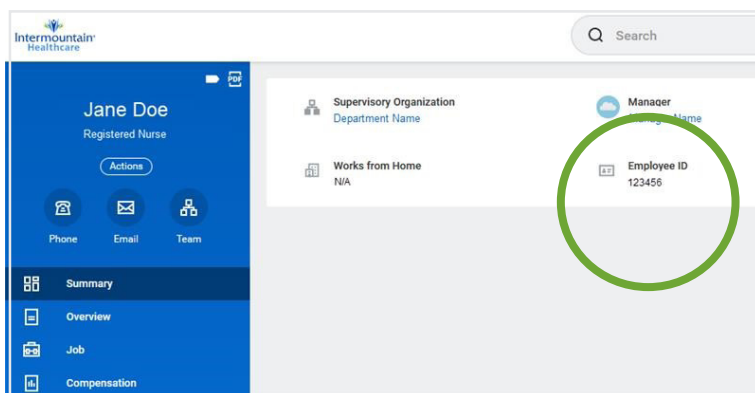

Exploring the Benefits Learning Site will help you learn all about the Intermountain employee benefits to help you choose the options that help you and your family live the healthiest lives possible.

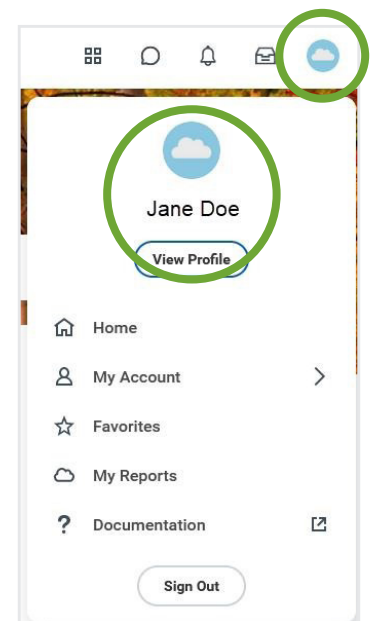

Benefits Learning Site

To enter the Benefits Learning Site, you will need your **employee ID number** and **last name**. Find your employee ID number in Workday by clicking on the cloud icon/your profile picture. Then click on "view profile".

When it is time to enroll in your benefits, **make your benefits elections within Workday** (not within the Benefits Learning Site).
