

Dear New Intermountain Health Caregiver,

We look forward to seeing you for our Remote Intermountain Welcome Experience! The remote Welcome session will be held via Microsoft Teams. You will receive an email and calendar invite at your work and personal email addresses with the link to the session. The link is also provided below:

[Intermountain Welcome – Remote Session](#)

To participate in the session, you will need a computer, personal or work-issued, with internet access and a headset or microphone/speakers. It is highly preferable that you join using a desktop or laptop computer. A cellphone or tablet will allow you to join the session but will not provide the best experience. If you are using a personal device, please download the Microsoft Teams app prior to the session.

Please join the meeting by 8:50 am MT at the latest, so we can welcome everyone in and get started promptly at 9:00 am MT. Use the time before this (8:00 – 8:50 am MT) to log into your computer, email, and make sure your Microsoft Teams works with your audio and video. We will have an IT partner on the Teams session during this time (8:00 – 8:50 am MT) that will be able to help with issues, if you need it. If you do not need any technical help, you may join the meeting at 8:50 am MT. The dress code for your first day is scrubs or business casual.

If you are having issues connecting or getting your computer set up, please contact [welcome@imail.org](mailto:welcome@imail.org) with your contact information or you may contact your regional Service Desk:

Canyons 801-442-4566  
Desert 702-253-2680  
Peaks 855-866-8282

We look forward to seeing you and welcome to Intermountain Health! For additional questions, please reach out to [welcome@imail.org](mailto:welcome@imail.org)
