Where Do You Turn in Items?

You may bring your items to the northeast door of the Mountain America Expo Center. Be prepared with your completed donation sheet specifying items made, kitchen used, and signature of representative.

How are the Items to be Presented?

As soon as items are cool, wrap them in clear plastic to seal in freshness. *Do not wrap while still warm.* Most items sell best in single serving sizes (such as a few dipped chocolates per bag). *Please do not use colored cellophane to wrap items.* Clearly label each item identifying the ingredients (nuts, fruit, dairy). Any ribbon or packaging that you can do is greatly appreciated! (Please do not use staples.) Be creative!

New Candy Makers

Candy making is becoming a lost art. We are always looking for new candy makers who are willing to make candy for the Festival of Trees. We especially need candy makers who hand-dip chocolates. Please notify your Board Member of any possible sources.

Sugar-free and Gluten-free Items

There are many requests for fruit, sugar-free and or gluten-free treats. There is an area in the Sweet Shoppe that features these items. Please help us get this information to contributors. (It is especially important to have these items labeled.)

Gift Baskets

Gift baskets will be available. Quantities are limited.
