PHARMACY RESIDENCY  
PROGRAM**  
SALT LAKE CITY, UT

## PHARMACY RESIDENCY PROGRAM

**THE POST GRADUATE YEAR ONE (PGY1) PHARMACY RESIDENCY PROGRAM** is an organized, directed, postgraduate training program in pharmacy practice. Rotations are available in a broad variety of settings with over 90 learning experiences available throughout the system. Residents complete their 5 required rotations at their home base facility, with the exception of drug information, which is completed at the corporate office. At least one elective is completed at the resident's home base facility and the other 4 electives can be done throughout the system.

Intermountain Healthcare also offers additional residency programs – PGY1 residencies in Community and Managed Care, a 2-year Drug Information residency, and PGY2 programs in Ambulatory Care, Cardiology, Critical Care, Emergency Medicine, and Pediatrics. PGY1 residents are eligible to apply to early commit with our PGY2 programs.

The program requires rotations in ambulatory care, critical care, drug information, internal medicine and practice management with elective opportunities in a variety of practice settings. Rotations are offered in the following areas:

- Ambulatory Care
- Anticoagulation Monitoring
- Behavioral Health (Pediatric/Adult)
- Bone Marrow Transplant (Pediatric/Adult)
- Cardiology (Pediatric/Adult)
- Critical Care (Pediatric/Adult)
- Drug Information (Central Office)
- Emergency Medicine (Pediatric/Adult)
- Glucose Management
- Infectious Diseases (Pediatric/Adult)
- Internal Medicine (Pediatric/Adult)
- IV Therapy Clinics
- Investigational Drug Service
- Medication Safety
- Newborn Intensive Care
- Neuroscience/Rehabilitation
- Nutritional Support
- Oncology (Pediatric/Adult)
- Pharmacy Informatics
- Practice Management
- Rural Pharmacy Management
- Surgery
- Solid Organ Transplant (Pediatric/Adult)
- Trauma

## HOSPITAL LOCATIONS

### ▶ INTERMOUNTAIN MEDICAL CENTER

Intermountain Medical Center is one of the largest hospitals in the Intermountain West. It is a level I Trauma Center and major adult referral center

for six surrounding states and more than 75 regional healthcare institutions. Intermountain Medical Center serves as a major teaching hospital for area medical, pharmacy, allied health, and nursing colleges. The Medical Center is licensed for 444 beds.

### ▶ LDS HOSPITAL

A 243-bed, full-service, community hospital that offers the following care programs: provide unique learning experiences in: Blood/Marrow Transplant,

Acute Leukemia, Aggressive Lymphoma, Internal Medicine, Surgical Services, Management, and Behavioral Health.

### ▶ MCKAY-DEE HOSPITAL

317-bed, full-service, tertiary, and acute care referral center. McKay-Dee offers nationally-ranked health programs which include: the Heart Institute, the Newborn

ICU, the Cancer Center, Emergency and Level II Trauma Care, Critical Care, Women and Children's Services, Stewart Rehabilitation Center, Behavioral Medicine, and the Community Health Information Center.

### ▶ PRIMARY CHILDREN'S HOSPITAL

The largest geographical service area of any children's hospital in the U.S. The 289-bed facility is a level I Trauma Center and is equipped to care for

neonates, children, and adolescents with complex illnesses and injuries. Primary Children's Hospital is associated with the University of Utah School of Medicine Department of Pediatrics, enabling patients and staff to benefit from its research and clinical expertise.

### ▶ UTAH VALLEY HOSPITAL

Utah Valley is a 400-bed referral hospital, level II Trauma Center, and certified stroke center with a level III NICU. It offers unique learning opportunities which include: NICU, Pediatrics,

critical care units, glucose management, rural pharmacy management, behavioral medicine, and ambulatory care opportunities in family medicine, IV therapy, and the diabetes clinics.

## CANDIDATE INFORMATION

Candidates must graduate from an ACPE-accredited pharmacy program with a doctor of pharmacy degree with a minimum GPA of 3.0 on a 4.0 scale. Candidates must be eligible for Utah licensure and are expected to obtain licensure as a pharmacist in Utah within the first 90 days of the program.

## CANDIDATE APPLICATION & SELECTION
